(9) Electronic copy of the Notice of the 67th Annual General Meeting of the Company inter alia indicating the process and manner of remote e-voting along with Attendance Slip and Proxy Form is being sent to all the members whose e-mail IDs are registered with the Company / Depository Participant(s) for communication purpose unless any member has requested for a hard copy of the same. For members who have not registered their email address, physical copies of the notice of the 67th Annual General Meeting of the Company, inter-alia, indicating the process and manner of remote e-voting alongwith Attendance Slip and Proxy Form is being sent in the permitted mode.

(10) Members may also note that the Notice of 67th Annual General Meeting will also be available on the Company's website www.ipca.com for their download. Even after registering for e-communication, members are entitled to receive such communication in physical form upon making a request for the same. For any communication, shareholders may also send requests to the Company's investor e-mail id investors@ipca.com.

(11) Voting through electronic means:

I. In compliance with provisions of Section 108 of the Companies Act, 2013 and Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended by the Companies (Management and Administration) Amendment Rules, 2015 (Amended Rules 2015) and Regulation 44 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is pleased to provide members facility to exercise their right to vote on resolutions proposed to be considered at the 67th Annual General Meeting (AGM) by electronic means and the business may be transacted through e-Voting Services. The facility of casting the votes by the members using an electronic voting system from a place other than venue of the AGM ("remote e-voting") will be provided by National Securities Depository Limited (NSDL).

II. The facility for voting through ballot paper shall be made available at the AGM and the members attending the meeting who have not cast their vote by remote e-voting shall be able to exercise their right at the meeting through ballot paper. The shareholders who do not have access to remote e-voting or who do not wish to cast the vote electronically may request the Company for physical ballot paper for casting their vote, which will be provided by the Company upon request. Such ballot paper duly filled in may be sent to The Scrutinizer c/o Ipca Laboratories Limited, 48, Kandivli Industrial Estate, Kandivli (West), Mumbai – 400 067 so as to reach the scrutinizer on or before 5.00 p.m. on 3rd August, 2017.

III. The members who have cast their vote by remote e-voting prior to the AGM may also attend the AGM but shall not be entitled to cast their vote again.

IV. The remote e-voting period commences on Tuesday, 1st August, 2017 (9:00 am) and ends on Thursday, 3rd August, 2017 (5:00 pm). During this period members of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of 28th July, 2017, may cast their vote by remote e-voting. The remote e-voting module shall be disabled by NSDL for voting thereafter. Any person who is not a Member as on the cut off date should treat this notice for information purpose only. Once the vote on a resolution is cast by the member, the member shall not be allowed to change it subsequently.

A Member can opt for only one mode of voting, i.e. either through e-voting or by Ballot. If a Member cast vote by both modes, then voting done through e-voting shall prevail and Ballot shall be treated as invalid.

V. The process and manner for remote e-voting is as under:

A. In case a Member receives an email from NSDL [for members whose email IDs are registered with the Company/Depository Participants]:

MANAGEMENT DISCUSSION AND ANALYSIS

a) Industry Structure and Development

The global pharmaceutical market is now estimated to be just over US $ 1.1 trillion and is expected to grow at a CAGR of about 5% over next few years to reach US$ 1.5 trillion by 2021. A move to value based outcomes in drug research, increased penetration of speciality drugs, greater patient access to medicines and continued rise of emerging markets will be primary drivers behind increase in global medicine spending through 2021.

Thanks to advances in science and technology, the research based pharmaceutical industry is entering an exciting new era in medicine development. The research methods are evolving and the innovative pharmaceutical industry aims to turn fundamental research into innovative treatments that are widely available and accessible to patients.

b) Outlook, Risks and Concerns

Although economic woes of certain regions are impending the pharma sales growth, long term outlook for the pharmaceutical industry remains positive. The pharma industry growth will be driven mainly by population growth, ageing population and increased healthcare spending in pharmerging countries. It is expected that new drug launches will reach a historically high level in the next few years with launches of new medicines that will address a wide range of disease areas including cancer, auto immune, metabolic and nervous system disorders. Biotech drugs have also steadily carved a niche for themselves, though they can be prohibitively expensive for many countries healthcare systems. However, the expanding development of biosimilars is expected to address some of the cost burden.

The Indian pharmaceutical market is the third largest in terms of volume and thirteenth largest in terms of value. India is the largest provider of generic drugs globally with the Indian generics accounting for 20 percent of global exports in terms of volume. The Indian pharma industry is expected to outperform the global pharma industry in growth and reach to a size of about US$ 60 billions by 2021.

India enjoys an important position in the global pharmaceuticals sector. Indian pharmaceutical exports have significantly increased from US$ 2 billion in 2006 to about US$ 15 billion in 2016. USA with about 30% is India's largest pharma export destination followed by European Union. It is estimated that 40% of the generics drugs sold in the USA are manufactured in India. Indian pharmaceutical manufacturing facilities registered with US FDA at 500 plus is also highest for any country outside USA. The country also has a large pool of scientists and engineers who have the potential to steer this industry ahead to an even higher level.

Indian pharma companies are focusing on global generic and API business, R&D activities, contract research and manufacturing alliances. India is also fast emerging as a preferred pharmaceuticals manufacturing location. Increasing use of pharmaceutical generics in developed markets to reduce healthcare cost will provide attractive growth opportunities to generics manufacturers and thus Indian pharmaceutical industry is poised for an accelerated growth in the coming years.

However, poor public healthcare funding and infrastructure, low per capita consumption of medicines in developing and under developed countries including India, currency fluctuations, regulatory issues, government mandated price controls, inflation and resultant all round increase in input costs are few causes of concern.

During the year under report, there was no change in the nature of Company's business.

c) Financial Performance and Operations Review

During the financial year under report, the Company registered a total income of ₹ 3178.87 crores as against ₹ 2870.73 crores in the previous year, a growth of 11%.

The ongoing US FDA regulatory issues adversely impacted the Company's business. The Company's generic formulations business in the European market also suffered due to Brexit and resultant significant currency fluctuations.

The Company has implemented comprehensive remedial measures at all its manufacturing sites to ensure quality and regulatory compliances. These remedial measures included review of all processes and procedures, revamping of training system, recruitment of senior quality personnel as well as automation of quality control laboratories. Your Company is committed in resolving the regulatory challenges faced at the earliest. The Company is also committed to its philosophy of highest quality in manufacturing, operations, systems, integrity and cGMP culture. Your management is confident that implementation of remedial measures will ensure that the Company will regain all its regulatory approvals in due course of time.

During the financial year under report, the Earnings before interest and depreciation amounted to ₹ 452.54 crores as against ₹ 301.28 crores in the previous financial year. The operations have resulted in a net profit of ₹ 188.29 crores during the financial year under report as against ₹ 92.52 crores in the previous financial year, a growth of 104%.

1. A brief outline of the Company's CSR policy, including overview of projects or programs proposed to be undertaken and a reference to the web-link to the CSR policy and projects or programs

The Company believes that contributing to the overall health and wellness of our world starts with lessening our impact on the environment and we remain committed to the highest ethical standards in everything we do - right from research and development to sales and marketing.

The Company's Corporate Social Responsibility involves initiatives on a micro level to include patient health, employee and public safety, nurturing of environment and building sustainable communities. The Company also engages with external stakeholders including healthcare professionals, investors, customers, non-governmental organisations and suppliers in this endeavour.

The Company is committed to operate its business with emphasis on CSR in all areas of its operation. The Company integrates its business values and operations to meet the expectations of its shareholders, customers, employees, regulators, investors, suppliers, the community and take care of environment with best interest.

A definite and well structured Corporate Social Responsibility (CSR) policy has been framed by the Company and is available on its website (weblink http://www.ipca.com/pdf/corporate_policy/Corporate_Social_Responsibility_Policy.pdf). The CSR policy forms a part of the Company's corporate vision and defines its approach on key responsibility issues.

2. The Composition of the CSR Committee of the Board

Mr. Dev Parkash Yadava	-	Independent Director and Chairman of the Committee
Mr. Premchand Godha	-	Chairman & Managing Director
Mr. Ajit Kumar Jain	-	Joint Managing Director
Mr. Prashant Godha	-	Executive Director

3. Average net profit of the company for last three financial years: ₹ 357.15 Crores.

4. Prescribed CSR Expenditure (two percent of the amount as in item 3 above)

The Company was required to spend an amount of ₹ 7.14 crores as CSR expenditure for the financial year ended 31st March, 2017.

5. Details of CSR spent during the financial year:

a) Total amount to be spent for the financial year: ₹ 7.14 crores.

Amount spent: ₹ 4.28 crores

b) Amount unspent, if any: ₹ 2.86 crores.

c) Manner in which the amount spent during the financial year is detailed below:

INDEPENDENT AUDITORS' REPORT

To
The Members of
Ipca Laboratories Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of Ipca Laboratories Limited ("the Company"), which comprises the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Cash Flow and Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Standalone Ind AS Financial Statement").

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these Standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Companies (Indian Accounting Standards) Rules, 2015 (Ind AS) specified under Section 133 of the Act, read with relevant rules thereon.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records relevant to the preparation and presentation of the Standalone Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Standalone Ind AS Financial Statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Standalone Ind AS Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Standalone Ind AS Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Standalone Ind AS Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's directors, as well as evaluating the overall presentation of the Standalone Ind AS Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Ind AS Financial Statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Standalone Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs of the Company as at March 31, 2017, its financial performance including other comprehensive income, its cash flows and the statement of changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters Specified in paragraphs 3 and 4 of the said Order.
2. As required by section 143 (3) of the Act, we report that:
   (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

(b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account.

(d) In our opinion, the aforesaid Standalone Ind AS Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with relevant rules thereon.

(e) On the basis of written representations received from the directors as on March 31, 2017 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2017 from being appointed as a director in terms of section 164(2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B"; and

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone Ind AS Financial Statement - Refer Note 35 to the Standalone Ind AS Financial Statement.

(iv) In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 with respect to loans, investments, guarantees and security given.

(v) The Company has not accepted any deposit from the public pursuant to sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and rules framed thereunder. As informed to us, there is no order that has been passed by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal in respect of the said sections.

(vi) As informed to us, the maintenance of the cost records under the sub-section (1) of section 148 of the Companies Act, 2013 has been prescribed and we are of the opinion that prima facie, the prescribed accounts and records have been maintained. We have not, however, carried out a detailed examination of the records to ascertain whether they are accurate or complete.

(vii) (a) The Company has been regular in depositing undisputed statutory dues including Provident fund, Employees State Insurance, Income Tax, Sales Tax, Service Tax, Custom Duty, Excise Duty, Cess and other statutory dues with the appropriate authorities during the year. According to the information and explanations given to us, no undisputed amount payable in respect of the aforesaid dues were outstanding as at March 31, 2017 for a period of more than six months from the date of becoming payable.

(b) According to the information and explanations given to us, there are no dues of Sales Tax, Income Tax, Service Tax, Duty of Customs or Duty of Excise or Value Added Tax which have not been deposited on account of any dispute except as given in the statement attached herewith.

(viii) According to the information and explanations given to us and based on the documents and records produced to us, the Company has not defaulted in repayment of dues to the financial institution or banks or to the debenture holders.

(ix) The Company has not raised any money by way of public issue / follow-on offer (including debt instruments). On the basis of the documents submitted to the bankers and the other records perused by us, we have to state that the term loans which are in the nature of External Commercial Borrowings and the buyers credit for purchase of fixed assets taken during the year have been applied for the purpose for which the loans were obtained.

(x) According to the information and explanations given to us and to the best of our knowledge and belief no fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year.

(xi) The managerial remuneration has been paid/ provided in accordance with the requisite approvals mandated by the provisions of section 197 read with schedule V to the Companies Act, 2013.

(xii) The Company is not a Nidhi Company hence clause 3(xii) of Companies (Auditors Report) Order, 2016 is not applicable to the Company.

(xiii) All transactions with the related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 in so far as our examination of the proceedings of the meetings of the Audit Committee and Board of Directors are concerned. The details of related party transactions have been disclosed in the Standalone Ind AS Financial Statements as required by the applicable Accounting Standard.

(xiv) The Company has not made any preferential allotment / private placement of shares or fully or partly convertible debentures during the year under review and hence the clause 3(xiv) of the Companies (Auditors Report) Order, 2016 is not applicable to the Company.

(xv) The Company has not entered into any non-cash transactions with directors or persons connected with him and hence the clause 3(xv) of the Companies (Auditors Report) Order, 2016 is not applicable to the Company.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Ipca Laboratories Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the Standalone Ind AS Financial Statement of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Statement of Significant Accounting policies and Other Explanatory Notes

(A) Corporate Information

Incorporated in the year 1949, Ipca Laboratories Limited is a integrated pharmaceutical company manufacturing and marketing over 350 formulations and 80 APIs covering various therapeutic segments. The products of the Company are now sold in over 120 countries across the globe. The Company has 17 manufacturing units in India manufacturing APIs and formulations for the world market.

(B) Significant Accounting Policies

I) Basis of Preparation

These financial statements are Separate Financial Statements as per Ind AS 27 - Separate Financial Statements and are prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

For all periods upto and including the year ended March 31, 2016 the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Previous GAAP).

The year ended March 31, 2017 is the first period for which the Company has prepared its financial statements in accordance with Ind AS. The previous period comparatives for the period ended March 31, 2016 which were earlier prepared as per the aforesaid Companies (Accounts) Rules, 2014 have been restated as per Ind AS to make them comparable. The date of transition to Ind AS is therefore April 1, 2015 for which the Opening Balance Sheet is prepared.

These financial Statements are prepared under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

II) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of circumstances surrounding the estimates. Changes in estimates are reflected in the financial statement in the period in which changes are made and if material, their effects are disclosed in the notes to the financial statements.

III) Summary of significant accounting policies

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

(a) Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is current when :

It is expected to be realised or intended to be sold or consumed in normal operating cycle or

It is held primarily for the purpose of trading or

It is expected to be realised within twelve months after the reporting period, or

It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when :

It is expected to be settled in normal operating cycle or

It is held primarily for the purpose of trading or

It is due to be settled within twelve months after the reporting period, or

There is no unconditional right to defer the settlement of the liability for atleast twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(b) Property, Plant and Equipment

i) Leasehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Cost of acquisition comprises its purchase price including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discount and rebates are deducted in arriving at the purchase price. Revalued assets are recorded at revalued amounts.

ii) Capital Work In Progress represents expenditure incurred on capital assets that are under construction or are pending capitalisation and includes Project expenses pending allocation. Project expenses pending allocation are apportioned to the property, plant and equipment of the project proportionately on capitalisation.

iii) Cost of borrowing for assets taking substantial time to be ready for use is capitalised for the period up to the time the asset is ready for its intended use.

iv) Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

v) The residual useful life of property, plant & equipment is reviewed at each balance sheet date and adjusted if required in the depreciation rates.

vi) The Property, plant and equipment existing on the date of transition are accounted on deemed cost basis by applying para D7AA in accordance with the exemption provided in Ind AS 101 " First-time Adoption of Indian Accounting Standards" at previous GAAP carrying value.

vii) Depreciation methods, estimated useful lives and residual value

Depreciation on all assets of the Company is charged on straight-line method over the useful life of assets mentioned in Schedule II to the Companies Act ,2013 or the useful life previously assessed by the management based on technical review whichever is lower for the proportionate period of use during the year. Intangible assets are amortised over the economic useful life estimated by the management.

The management's estimated useful life/ useful life as per schedule II whichever is lower for the various tangible assets are as follows.

Assets	Estimated useful life (Years)
Leasehold land	Period of Lease
Buildings	28 to 58
Roads	3 to 10
Plant and equipment and R&D equipments	9 to 20
Office and other equipments	5
Computers	3 to 6
Furniture and fixtures	10
Vehicles	6 to 8
Leasehold improvements	Period of Lease

c) Goodwill

Goodwill represents excess of consideration paid for acquisition of business over the fair value of net assets. Goodwill is not amortised but is tested for impairment at each reporting date.

d) Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry, and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Amortization methods and useful lives are reviewed periodically including at each financial year end.

The Intangible assets existing on the date of transition are accounted on deemed cost basis by applying para D7AA in accordance with the exemption provided in Ind AS 101 " First-time Adoption of Indian Accounting Standards" at previous GAAP carrying value.

Research costs are expensed as incurred. The costs which can be capitalized include the cost of material, direct labour, overhead costs that are directly attributable to preparing the asset for its intended use. Research and development costs incurred under contractual arrangements with customers are accounted as expenses in the Statement of Profit and Loss.

The management has estimated the economic useful life for the various intangible assets as follows.

Assets	Estimated useful life (Years)
Brands and Trademarks	4
Technical Know how	4
Software for internal use	4

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit or Loss when the asset is derecognised.

e) Borrowings

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Other borrowing costs are expensed in the period in which they are incurred.

f) Impairment Loss

Assets subject to amortization/ depreciation are tested for impairment provided that an event or change in circumstances indicates that their carrying amount might not be recoverable. An impairment loss is recognized in the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher between an asset's fair value less sale costs and value in use. For the purposes of assessing impairment, assets are grouped together at the lowest level for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill for which impairment losses have been recognized are tested at each balance sheet date in the event that the loss has reversed.

g) Inventories

Items of inventories are valued lower of cost or estimated net realisable value as given below.

Raw Materials and Packing Materials	Lower of cost and Net realisable value. However materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on First-in-First-out basis.
Work-in-process and Finished Goods	At lower of cost including material cost net of CENVAT, labour cost and all overheads other than selling and distribution overheads and net realisable value. Excise duty is considered as cost for finished goods wherever applicable.
Stores and Spares	Stores and spare parts are valued at lower of purchase cost computed on First-in-First-out method and net realisable value.
Traded Goods	Traded Goods are valued at lower of purchase cost and net realisable value.

h) Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits in banks and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within bank borrowings in current liabilities on the balance sheet.

i) Provisions

The Company recognizes a provision when: it has a present legal or constructive obligation as a result of past events; it is likely that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognized for future operating losses.

j) Retirement and other benefits

Provident Fund

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

Gratuity

Gratuity, a defined benefit obligation is provided on the basis of an actuarial valuation made at the end of each year/ period on projected unit credit method.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

Compensated Absences

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid/ availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

k) Foreign Currencies

Transactions and Balances

i. The functional currency of the company is the Indian rupee. These financial statements are presented in Indian rupees.

ii. Transactions denominated in foreign currency are recorded at the exchange rate on the date of transaction. The exchange gain/ loss on settlement/ negotiation during the year is recognised in the Statement of Profit and Loss.

iii. Foreign currency monetary transactions remaining unsettled at the end of the year are converted at year-end rates. The resultant gain or loss is accounted for in the Statement of Profit and Loss.

iv. Non Monetary items that are measured at historical cost denominated in foreign currency are translated using exchange rate at the date of transaction.

v. The overseas trading offices are non-integral operations and the overseas non trading offices are integral operations and are accounted accordingly.

l) Fair Value Measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

  The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

m) Financial Instruments

(i) Financial Assets & Financial Liabilities

Initial recognition and measurement

All financial assets and liabilities are recognised initially at fair value.

In the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset is treated as cost of acquisition. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 7 details how the entity determines whether there has been a significant increase in credit risk. For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

De-recognition of financial instruments

A financial asset is de-recognised only when

- The Company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the group has not retained control of the financial asset. Where the group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

A financial liability (or a part of a financial liability) is de-recognised from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(ii) Investments in Subsidiaries/ Associates/ Joint ventures

Investments in subsidiaries/ associates/ joint ventures are carried at cost in the Separate Financial Statements.

(iii) Derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement

The Company uses derivative financial instruments, such as forward currency contracts, interest rate swaps and forward commodity contracts, to hedge its foreign currency risks, interest rate risks and commodity price risks, respectively.

Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

The purchase contracts that meet the definition of a derivative under Ind AS 109 are recognised in the Statement of Profit and Loss.

Cash flow Hedge

The Company designates certain foreign exchange forward and options contracts as cash flow hedges to mitigate the risk of foreign exchange exposure on highly probable forecast cash transactions.

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in other comprehensive income and accumulated in the cash flow hedging reserve. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the net profit in the Statement of Profit and Loss. If the hedging instrument no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the forecasted transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the net profit in the Statement of Profit and Loss upon the occurrence of the related forecasted transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified to net profit in the Statement of Profit and Loss.

n) Revenue Recognition

i) Revenue from sale of goods is recognised net of returns, product expiry claims and trade discount, on transfer of significant risk and rewards in respect of ownership to the buyer which is generally on dispatch of goods. Sales include excise duty but exclude sales tax and value added tax.

ii) In respect of incentives attributable to the export of goods, the Company following the accounting principle of matching revenue with the cost has recognised export incentive receivable when all conditions precedent to the eligibility of benefits have been satisfied and when it is reasonably certain of deriving the benefit. Since these schemes are meant for neutralisation of duties and taxes on inputs pursuant to exports, the same are grouped under material costs.

iii) The other export incentives that do not arise out of neutralisation of duties and taxes are disclosed under other operating revenue.

iv) Revenue from services is recognised when all relevant activities are completed and the right to receive income is established.

v) Revenue in respect of insurance/ other claims, commission, etc. are recognised only when it is reasonably certain that the ultimate collection will be made.

vi) For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR).

vii) Dividend from subsidiaries/ associates/ joint ventures is recognised in the Statement of Profit and Loss in separate financial statements when the parent company's right to receive the dividend is established.

o) Taxes

Tax expenses comprise Current Tax and Deferred Tax.:

i) Current Tax:

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company and its subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

ii) Deferred Tax:

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

For items recognised in OCI or equity, deferred/ current tax is also recognised in OCI or equity.

iii) MAT Credit

Minimum Alternate Tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The Company recognises MAT credit available as an asset only to the extent that there is reasonable certainty that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. The MAT credit to the extent there is reasonable certainty that the Company will utilise the credit is recognised in the Statement of Profit and Loss and corresponding debit is done to the Deferred Tax Asset as unused tax credit.

p) Leases

Operating lease

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. All other leases are operating lease. Operating lease payments, as per terms of the agreement, are recognised as an expense in the Statement of Profit and Loss on a straight-line basis in accordance with Ind AS 17.

q) Excise Duty and CENVAT/ Service Tax Credit

The excise duty expenses are bifurcated into two components: excise duty expenses related to sales and the un-recovered excise duty is recognized under other expenses and excise duty relating to the difference between the closing and opening stock of finished goods is recognized in the material cost and inventory adjustments. CENVAT / Service Tax credit utilised during the year is accounted in excise duty and unutilised CENVAT / Service Tax credit at the year end is considered as duties and taxes refundable.

r) Research and Development

Revenue expenditure on research and development is charged to Statement of Profit and Loss in the year in which it is incurred. Capital expenditure on research and development is considered as an addition to property, plant & equipment/ intangible assets.

s) Earnings Per Share

Earnings per share is calculated by dividing the net profit or loss before OCI for the year by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss before OCI for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

t) Dividend Distribution

Dividend distribution to the Company's equity holders is recognized as a liability in the Company's annual accounts in the year in which the dividends are approved by the Company's equity holders.

(v) Disclosure in accordance with Ind AS – 19 "Employee Benefits", of the Companies (Indian Accounting Standards) Rules, 2015.

Gratuity

The company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/ termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the company makes contributions to recognised funds in India. The company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments.

The following table summarizes the components of net benefit expense recognized in the Statement of Profit and Loss and the funded status and amounts recognized in the balance sheet.

The principal assumptions used as at the balance sheet date are used for purpose of actuarial valuations were as follow

Particulars	March 31, 2017	March 31, 2016
Financial Assumptions		
Discount Rate	7.25%	8.00%
Salary Increase Rate	6.00%	6.00%
Demographic Assumptions		
Mortality Rate	IALM (2006-08) Ultimate	IALM (2006-08) Ultimate
Withdrawal Rate	5%	Age Based: Upto 30 years - 3% 31 to 45 years - 2% 46 years and above - 1%
Retirement age	58 Years	58 Years

The rate used to discount post-employment benefit obligations is determined by reference to market yields at the end of the reporting period on government bonds.
Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality.
The sensitivity analyses below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of reporting period, while holding all other assumptions constant.

Defined Benefit Obligation			
Discount rate			
a.	Discount rate - 100 basis points	60.75	47.78
b.	Discount rate + 100 basis points	50.56	39.14
Salary increase rate			
a.	Rate - 100 basis points	51.99	39.03
b.	Rate + 100 basis points	58.74	47.83

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would clear in isolation of one another as some of the assumptions may be correlated.

Further more, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

36. Significant accounting judgments, estimates and assumptions

The financial statements require management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods .

a. **Judgments**

In the process of applying the company's accounting policies, management has made judgments, which have significant effect on the amounts recognised in the separate financial statements.

b. **Taxes**

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

c. **Defined benefit plans (gratuity benefits)**

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. For plans operated outside India, the management considers the interest rates of high quality corporate bonds in currencies consistent with the currencies of the post-employment benefit obligation with at least an 'AA' rating or above, as set by an internationally acknowledged rating agency, and extrapolated as needed along the yield curve to correspond with the expected term of the defined benefit obligation. The underlying bonds are further reviewed for quality. Those having excessive credit spreads are excluded from the analysis of bonds on which the discount rate is based, on the basis that they do not represent high quality corporate bonds.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

37. First-time adoption of Ind AS

These financial statements, for the year ended March 31, 2017, are the first financial statments the Company has prepared in accordance with Ind AS. For periods up to and including the year ended March 31, 2016, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Previous GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on March 31, 2017, together with the comparative period data as at and for the year ended March 31, 2016, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at April 1, 2015, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its previous GAAP financial statements, including the balance sheet as at April 1, 2015 and the financial statements as at and for the year ended March 31, 2016.

A. Exemptions applied

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions:

i. The Company has elected to apply the exemption for deemed cost of property, plant and equipment contained in D7AA of Ind AS 101 by considering the previous GAAP carrying values as deemed costs. Accordingly the Net block as at March 31, 2015 as per the previous GAAP have been considered as the deemed cost as at April 1, 2015 and are being depreciated over the residual useful life on a straight line basis.

ii. Ind AS 101 permit cumulative translating gains and losses to be reset to zero at the transition date. This provides relief from determining cumulative currency translation difference in accordance with Ind AS 21.

iii. The Company has designated unquoted equity instruments held at April 01, 2015 as fair value through P&L.

38. Reconciliation between previous GAAP and Ind AS (₹ Crores)

D Notes to effect of first time adoption

i) FVTPL Financial assets

Under Indian GAAP, the Company accounted for long term investments and mutual funds in unquoted and quoted equity shares as investment measured at cost less provision for other than temporary diminution in the value of investments. Under Ind AS, the Company has designated such investments other than investments in subsidiaries/ joint ventures and associates as FVTPL investments. Ind AS requires FVTPL investments to be measured at fair value. At the date of transition to Ind AS, difference between the instruments fair value and previous GAAP carrying amount has been recognised under retained earnings.

On this account of this adjustment the retained earning increased by ₹ 0.46 crore as at March 31, 2016 and is decreased by ₹ 0.50 crore as at April 01, 2015.

ii) Trade Receivables

As per Ind AS 109, the Company is required to apply expected credit loss model for recognising the allowance for doubtful debts. As a result, the allowance for doubtful debts is ₹ (0.18) crore as at March 31, 2016 and ₹ 0.81 crore as at April 01, 2015.

iii) Defined benefit liabilities

Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit or loss. Accordingly ₹ (12.09) crores net of tax thereon has been adjusted in other comprehensive income from retained earnings as at April 01, 2015. The adjustment for the year ended March 31, 2016 is ₹ 1.35 crores net of the tax effect thereon. As a result of this change, the retained earnings as at April 01, 2015 and profit for the year ended March 31, 2016 has been adjusted. There is no impact on the total equity as at March 31, 2016.

iv) Foreign currency translation reserve

Under Indian GAAP, the Company recognised translation differences on foreign operations in a separate component of equity. Under Ind AS, the balance appearing in the foreign currency reserve has been reset to zero as at April 1, 2015 by transfering the same to retained earnings. Accordingly, foreign currency translation reserve balance under previous GAAP has been transferred to retained earnings. There is no impact on total equity as a result of this adjustment.

v) Borrowings

Ind AS 109 requires transaction costs incurred towards origination of borrowing to be deducted from carrying amount of borrowings on initial recognition. These cost are recognised in the profit and loss over the tenure of the borrowing as part of the interest expenses by applying the effective interest rate method.

Accordingly, the upfront fees has been amortised over the loan period as against charge to the profit and loss statement in the initial year. On account of this change, retained earnings as at April 01, 2015 has been increased by ₹ 3.22 crores with consequent adjustment of the upfront fees as prepaid expenses to be amortised over the period of the loan.

vi) Provisions for expiry, returns and breakage/ damage

The Company has estimated probable expiry, returns and breakage/ damage based on past trends and has made provision thereon as required by Ind AS 18 "Revenue recognition". On account of this change, the retained earnings as at April 01, 2015 has been decreased by ₹ 45.07 crores with consequent increase in provision. The impact for the year ended March 31, 2016 is ₹ 2.28 crores on the profit for the year with corresponding effect on the balance of provisions.

vii) Deferred tax

Consequent impact on deferred tax arising out of various adjustments under Ind AS has been given in accordance with Ind AS 12 "Income Taxes". On the date of transition the net impact of deferred tax is ₹ 15.88 crores which is adjusted against retained earnings. For the year ended March 31, 2016 the impact on profit arising out of deferred tax changes is ₹ 2.22 crores.

viii) Excise duty

Under Indian GAAP, sale of goods was presented as net of excise duty. However, under Ind AS, sale of goods includes excise duty. Excise duty on sale of goods is accounted as a cost under other expenses. Thus sale of goods under Ind AS has increased by ₹ 31.74 crores in March 2016 with a corresponding increase in other expense. There is no impact on total equity.

ix) Statement of cash flows

The transition from Indian GAAP to Ind AS has not had a material impact on the statement of cash flows.

x) Proposed Dividend

Under the previous GAAP, dividends proposed by the board of directors after the balance sheet date but before the approval of the financial statements were considered as adjusting events. Accordingly, provision for proposed dividend was recognised as a liability as at March 31, 2015. Under Ind AS, such dividends are recognised when the same is approved by the shareholders in the general meeting. Accordingly, the liability for proposed dividend of ₹ 12.62 crores and ₹ 2.57 crores tax liability as at March 31, 2015 has been reversed back to retained earnings. The same is charged to retained earnings during the year ended March 31, 2016 on approval by the shareholders. There is no impact on equity as at March 31, 2016.

xi) Goodwill

Under Ind AS goodwill on business acquisition is not required to be amortised but is to be tested for impairment. Accordingly, amortisation of goodwill during March 31, 2016 has been reversed and the goodwill is carried at April 01, 2015 values. On account of this profit for the year March 31, 2016 is higher by ₹ 8.49 crores.

xii) Security deposits

Under the previous GAAP, interest free lease security deposits (that are refundable in cash on completion of the lease term) are recorded at their transaction value. Under Ind AS, all financial assets are required to be recognised at fair value. Accordingly, the group has fair valued these security deposits under Ind AS. Difference between the fair value and transaction value of the security deposit has been recognised as prepaid rent. Consequent to this change, the amount of security deposits increased by ₹ 0.80 crores as at March 31, 2016 and decreased by ₹18.45 crores as at April 01, 2015. The prepaid rent decreased by ₹ 1.76 crores as at March 31, 2016 and increased by ₹ 18.17 crores as at April 01, 2015. The net impact on retained earnings as at April 01, 2015 is decrease of ₹ 0.27 crores and the impact on profit for the year ended March 31, 2016 is decrease of ₹ 0.96 crores.

xiii) Retained earning

Retained earnings as at April 1, 2015 has been adjusted consequent to the above Ind AS transition adjustments.

39. Standards issued but not yet effective

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of cash flows' and Ind AS 102, 'Share-based payment.' These amendments are in accordance with the recent amendments made by International Accounting Standards Board (IASB) to IAS 7, 'Statement of cash flows' and IFRS 2, 'Share-based payment', respectively. The amendments are applicable to the Company from April 1, 2017.

Amendment to Ind AS 7:

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement.

The Company is currently evaluating the requirements of the amendment and has not yet determined the impact on the financial statements.

Amendment to Ind AS 102:

The amendment to Ind AS 102 provides specific guidance to measurement of cash-settled awards, modification of cash-settled awards and awards that include a net settlement feature in respect of withholding taxes.

It clarifies that the fair value of cash-settled awards is determined on a basis consistent with that used for equity-settled awards. Market-based performance conditions and non-vesting conditions are reflected in the 'fair values', but non-market performance conditions and service vesting conditions are reflected in the estimate of the number of awards expected to vest. Also, the amendment clarifies that if the terms and conditions of a cash-settled share-based payment transaction are modified with the result that it becomes an equity-settled share-based payment transaction, the transaction is accounted for as such from the date of the modification. Further, the amendment requires the award that include a net settlement feature in respect of withholding taxes to be treated as equity-settled in its entirety. The cash payment to the tax authority is treated as if it was part of an equity settlement.

The Company is currently evaluating the requirements of the amendment and has not yet determined the impact on the financial statements.

Notes to financial statements as at and for the year ended March 31, 2017

The management assessed that fair value of cash and short-term deposits, trade receivables, trade payables, book overdrafts and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

41. Fair Value Hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

42. Financial Risk Factors

The Company's business activities are exposed to a variety of financial risks: Market/ Business risk, credit risk, Exchange risk, etc. The Company's focus is to foresee the unpredictability of financial and business risks and seek to minimize potential adverse effects of these risks on its business and financial performance.

i. Business/ Market Risk

The primary business/ market risk to the Company is the price risk and its ability to pass on the same to its customers. The Company's operations extend to a number of countries across the globe and its products pricing competitiveness is a primary factor for the acceptability of Company's products in those markets. The Company has a robust procurement process, which ensures that its pricing power is not adversely affected by price changes in the market place for its raw – materials. The backward integration into manufacturing of several API's for its own use in the formulations manufacturing also works as a mitigating strategy for price risk faced by the Company.

The other business risk is regulatory risk and regulatory audits of its manufacturing facilities by the regulators to ensure that the manufacturing facilities meet the current Good Manufacturing Practices (cGMP) requirements. The Company is already exposed to certain audit observations from the US FDA for 3 of its manufacturing plants and has taken the necessary corrective measures to redress those US FDA audit observations so as to be able to market all its products once again in the US market. While the stringent regulatory requirements and audits works as a business risk, the successful audit of its facilities by regulators coupled with price competitiveness results in higher business and margins for the Company.

The Company's products are also subjected to product liability claims/ litigations. To mitigate these risks, the Company has obtained adequate Product Liability Insurance.

The Company, however, has a reduced risk from dependence on any single customer as no single customer or customer group accounts for more than 10% of Company's annual revenue. The Company also continuously forays into different markets/ countries to reduce its dependence on any particular country or customer group. The Company also has a diversified therapeutic product portfolio and therefore no single product account for more than 10% of Company's annual revenue.

ii. Credit Risk

The Company has exposure to credit risks associated with sales to various developing markets/ countries. To mitigate these credit risks arising out of this, the Company obtains credit insurance on a regular basis after evaluating the credit risk associated with a country/ customer. Country/ customer where no credit insurance is available, the Company monitors such risk by continuously monitoring its exposure to such country/ customer. There was no historically significant credit risk in the domestic market for the Company. Based on the historical data, the Company has made adequate provisions for expected loss because of credit risk, which is neither significant nor material.

iii. Interest Risk

The Company has borrowings mainly in foreign currencies which is linked to Libor. The Company mitigates these risks associated with floating Libor rates by entering into interest rate swaps to move them to fixed Libor rates. The domestic interest risk is exposed to the changes in the RBI bank rate. The Company manages this risk by managing its working capital effectively.

iv. Foreign Currency Risk

The company continuously manages its risks associated with foreign currency by adopting various hedging strategies in consultation with internal and external experts. The Company has a system of regularly monitoring its currency wise exposures. The significant part of Company's receivables and borrowings are in US Dollars which operates as a natural hedge against each other. The Company has a policy not to borrow in a currency where it has no business exposure.

43. Capital Management

For the purpose of the Company's capital management, capital includes paid-up equity share capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholders' value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust its dividend payment ratio to shareholders, return capital to shareholders or issue fresh shares. The Company monitors capital using a gearing ratio, which is net debt divided by its total capital. The Company includes within its net debt the interest bearing loans and borrowings, trade and other payables less cash and cash equivalents.

Notes to financial statements as at and for the year ended March 31, 2017

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets the financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the lending institutions to immediately call back the loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing the capital during the years ended March 31, 2017 and March 31, 2016.

44. The Balance Sheet, Statement of Profit and Loss, Cash Flow Statement, Statement of changes in equity, Statement of significant accounting policies and the other explanatory notes forms an integral part of the financial statements of the Company for the year ended March 31, 2017.

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED ACCOUNTS

To
The Members of
Ipca Laboratories Limited

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of Ipca Laboratories Limited (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), (as defined in the Companies (Indian Accounting Standards) Rules, 2015, comprising of the Consolidated Balance Sheet as at March 31, 2017, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Ind AS financial statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Companies (Indian Accounting Standards) Rules, 2015 (Ind AS) specified under Section 133 of the Act, read with relevant rules thereon. The respective Governing Bodies of the entities included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Board of Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters, which are required to be included in the audit, report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at March 31, 2017, their consolidated profit, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Other Matters

(a) We did not audit the financial statements of 5 subsidiaries, whose financial statements reflect total assets of ₹ 106.01 crores as at March 31, 2017, total revenues of ₹ 75.68 crores and net cash flows amounting to ₹ 4.49 crores for the year ended on that date, as considered in the preparation of the consolidated Ind AS financial statements. The consolidated Ind AS financial statements also includes the Group's share of net loss of ₹ 4.28 crores for the year ended March 31, 2017, as considered in the consolidated Ind AS financial statements, in respect of 1 associate and 1 Jointly controlled entity, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, jointly controlled entities and associates, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiaries, jointly controlled entities and associates in India, is based solely on the reports of the other auditors.

(b) We did not audit the financial statements of 3 subsidiaries, whose financial statements reflect total assets of ₹ 0.94 crores as at March 31, 2017, total revenues of ₹ 0.49 crores and net cash flows amounting to ₹ 0.27 crores for the year ended on that date, as considered in the preparation of the consolidated Ind AS financial statements. The consolidated Ind AS financial statements also include the Group's share of net loss of ₹ 2.70 crores for the year ended March 31, 2017, as considered in the consolidated Ind AS financial statements, in respect of 1 associate. These financial statements are unaudited and have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these associates, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries and associates, is based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the Management, these financial statements are not material to the Group.

Report on Other Legal and Regulatory Requirements

1. As required by sub-section (3) of Section 143 of the Act, we report, to the extent applicable, that:

   (a) We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.

   (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

   (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account and working/ records maintained for the purpose of preparation of the consolidated Ind AS financial statements.

   (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with relevant rules thereon.

   (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2017 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary company incorporated in India, none of the directors of the Group Companies incorporated in India is disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164 (2) of the Act. Since the provisions of Section 164(2) of the Act do not apply to entities incorporated outside India no comments are made in respect of such overseas entities.

   (f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in "Annexure A"; and

   (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

      i. The consolidated Ind AS financial statements disclose the impact of pending litigations on the consolidated financial position of the Group– Refer Note 35 to the consolidated Ind AS financial statements.

      ii. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.

      iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary company incorporated in India.

      iv. The Company has provided requisite disclosures in its Consolidated Ind AS Financial Statements as to holdings as well as dealings in Specified Bank Notes during the period from November 08, 2016 to December 30, 2016 and these are in accordance with the books of accounts maintained by the Company and its Indian subsidiaries. Refer Note 8 to the Consolidated Ind AS Financial Statements.

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of consolidated Ind AS financial statements of Ipca Laboratories Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, which are companies incorporated in India as of March 31, 2017 in conjunction with our audit of the Consolidated Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to one subsidiary company which is a company incorporated in India, is based on the corresponding reports of the auditors' of such company.

Statement of Significant Accounting policies and Other Explanatory Notes

(A) Corporate Information

Incorporated in the year 1949, Ipca Laboratories Limited is a integrated pharmaceutical company manufacturing and marketing over 350 formulations and 80 APIs covering various therapeutic segments. The products of the Company are now sold in over 120 countries across the globe. The Company has 17 manufacturing units in India manufacturing APIs and formulations for the world market.

(B) Principles of Consolidation

The consolidated financial statements relates to Ipca Laboratories Ltd. and its Subsidiary Companies, Associates and Joint Ventures (referred to as Group). The consolidated financial statements have been prepared in accordance with Indian Accounting Standard - 110 "Consolidated Financial Statement", Indian Accounting Standard - 28 "Investment in Associate and Joint Ventures" of the Companies (Indian Accounting Standard) Rules 2015. The Consolidated Financial Statements have been prepared on the following basis: -

The financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances and transactions including unrealized gain/loss from such transactions are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group. Non-controlling interests which represent part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the company, are excluded.

In case of foreign subsidiaries, revenue items are consolidated at average rate prevailing during the year. All Assets and Liabilities are converted at the rates prevailing at the end of the year. Exchange gain or loss on conversion arising on consolidation is recognized under foreign currency translation reserve.

Associates are entities over which the Group has significant influence but not control. Investments in associates are accounted for using the equity method of accounting as per Indian Accounting Standard - 28 ''Investment in Associate and Joint venture". The investment is initially recognized at cost, and the carrying amount is increased or decreased to recognize the investor's share of the profit or loss of the investee after the acquisition date. The Group's investment in associates includes goodwill identified on acquisition.

The financial statements of the Subsidiaries, Associate and Joint Ventures used in consolidation are drawn up to the same reporting date as that of the Company i.e. 31st March.

The difference between the cost to the Company of its investments in the subsidiary/ associates/ joint ventures over the Company's portion of equity is recognized in the financial statement as Goodwill on consolidation or Capital Reserve.

The list of subsidiary companies, associates and joint ventures included in consolidation and Company's holding therein are as under: -

(C) Significant Accounting Policies

(I) Basis of Preparation

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. For all periods upto and including the year ended March 31, 2016 the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Previous GAAP).

The year ended March 31, 2017 is the first period for which the Company has prepared its financial statements in accordance with Ind AS. The previous period comparatives for the period ended March 31, 2016 which were earlier prepared as per the aforesaid Companies (Accounts) Rules, 2014 have been restated as per Ind AS to make them comparable. The date of transition to Ind AS is therefore April 1, 2015 for which the Opening Balance Sheet is prepared.

These financial Statements are prepared under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(II) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of circumstances surrounding the estimates. Changes in estimates are reflected in the financial statement in the period in which changes are made and if material, their effects are disclosed in the notes to the financial statements.

(III) Summary of Significant Accounting Policies

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

(a) Current and Non-current Classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is current when :

- It is expected to be realised or intended to be sold or consumed in normal operating cycle or
- It is held primarily for the purpose of trading or
- It is expected to be realised within twelve months after the reporting period, or
- It is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when :

- It is expected to be settled in normal operating cycle or
- It is held primarily for the purpose of trading or
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for atleast twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(b) Property, Plant and Equipment

(i) Leasehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Cost of acquisition comprises its purchase price including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discount and rebates are deducted in arriving at the purchase price. Revalued assets are recorded at revalued amounts.

(ii) Capital Work In Progress represents expenditure incurred on capital assets that are under construction or are pending capitalisation and includes Project expenses pending allocation. Project expenses pending allocation are apportioned to the property, plant and equipment of the project proportionately on capitalisation.

(iii) Cost of borrowing for assets taking substantial time to be ready for use is capitalised for the period up to the time the asset is ready for its intended use.

(iv) Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

(v) The residual useful life of property, plant & equipment is reviewed at each balance sheet date and adjusted if required in the depreciation rates.

(vi) The Property, plant and equipment existing on the date of transition are accounted on deemed cost basis by applying para D7AA in accordance with the exemption provided in Ind AS 101 " First-time Adoption of Indian Accounting Standards" at previous GAAP carrying value.

(vii) Depreciation Methods, Estimated Useful Lives and Residual Value

Depreciation on all assets of the Company is charged on straight line method over the useful life of assets mentioned in Schedule II to the Companies Act ,2013 or the useful life previously assessed by the management based on technical review whichever is lower for the proportionate period of use during the year. Intangible assets are amortised over the economic useful life estimated by the management.

The management's estimated useful life/useful life as per schedule II whichever is lower for the various tangible assets are as follows.

Assets	Estimated useful life (Years)
Leasehold land	Period of Lease
Buildings	28 to 58
Roads	3 to 10
Plant and equipment and R&D equipments	9 to 20
Office and other equipments	5
Computers	3 to 6
Furniture and fixtures	10
Vehicles	6 to 8
Leasehold improvements	Period of Lease

(c) Goodwill

Goodwill on Acquisition

Goodwill on acquisition represents excess of consideration paid for acquisition of business over the fair value of net assets. Goodwill is not amortised but is tested for impairment at each reporting date.

Goodwill on Consolidation

Goodwill on consolidation represents excess cost of investment over the company's share of equity that is carried in balance sheet and is tested for impairment at each reporting date.

(d) Intangible Assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry, and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Amortization methods and useful lives are reviewed periodically including at each financial year end.

The Intangible assets existing on the date of transition are accounted on deemed cost basis by applying para D7AA in accordance with the exemption provided in Ind AS 101 " First-time Adoption of Indian Accounting Standards" at previous GAAP carrying value.

Research costs are expensed as incurred. The costs which can be capitalized include the cost of material, direct labour, overhead costs that are directly attributable to preparing the asset for its intended use. Research and development costs incurred under contractual arrangements with customers are accounted as expenses in the Statement of Profit and Loss.

The management has estimated the economic useful life for the various intangible assets as follows.

Assets	Estimated useful life (Years)
Brands and Trademarks	4
Technical Know how	4
Software for internal use	4

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

(e) Borrowings

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Other borrowing costs are expensed in the period in which they are incurred.

(f) Impairment Loss

Assets subject to amortization/depreciation are tested for impairment provided that an event or change in circumstances indicates that their carrying amount might not be recoverable. An impairment loss is recognized in the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher between an asset's fair value less sale costs and value in use. For the purposes of assessing impairment, assets are grouped together at the lowest level for which there are separately identifiable cash flows (cash-generating units). Non-financial assets other than goodwill for which impairment losses have been recognized are tested at each balance sheet date in the event that the loss has reversed.

(g) Inventories

Items of inventories are valued lower of cost or estimated net realisable value as given below.

Raw Materials and Packing Materials	Lower of cost and Net realisable value. However materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on First-in-First-out basis.
Work-in-process and Finished Goods	At lower of cost including material cost net of CENVAT, labour cost and all overheads other than selling and distribution overheads and net realisable value. Excise duty is considered as cost for finished goods wherever applicable.
Stores and Spares	Stores and spare parts are valued at lower of purchase cost computed on First-in-First-out method and net realisable value.
Traded Goods	Traded Goods are valued at lower of purchase cost and net realisable value.

(h) Cash and Cash Equivalents

Cash and cash equivalents include cash in hand, demand deposits in banks and other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown within bank borrowings in current liabilities on the balance sheet.

(i) Provisions

The Company recognizes a provision when: it has a present legal or constructive obligation as a result of past events; it is likely that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognized for future operating losses.

(j) Retirement and Other Benefits

Provident Fund/ Pension Scheme

Retirement benefit in the form of provident fund/ pension is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund/ pension scheme. The company recognizes contribution payable to the fund schemes as an expense, when an employee renders the related service.

Gratuity

Gratuity, a defined benefit obligation is provided on the basis of an actuarial valuation made at the end of each year/ period on Projected Unit Credit Method.

The cost of providing benefits under the defined benefit plan is determined using the Projected Unit Credit Method. Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

Compensated Absences

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using Projected Unit Credit Method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

(k) Foreign Currencies

Transactions and Balances

(i) The functional currency of the company is the Indian rupee. These financial statements are presented in Indian rupees.

(ii) Transactions denominated in foreign currency are recorded at the exchange rate on the date of transaction. The exchange gain/loss on settlement/ negotiation during the year is recognised in the Statement of Profit and Loss.

(iii) Foreign currency monetary transactions remaining unsettled at the end of the year are converted at year-end rates. The resultant gain or loss is accounted for in the Statement of Profit and Loss.

(iv) Non Monetary items that are measured at historical cost denominated in foreign currency are translated using exchange rate at the date of transaction.

(v) The overseas trading offices are non-integral operations and the overseas non trading offices are integral operations and are accounted accordingly.

(l) Fair Value Measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

(m) Financial Instruments

(i) Financial Assets & Financial Liabilities
Initial Recognition and Measurement

All financial assets and liabilities are recognised initially at fair value.

In the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset is treated as cost of acquisition. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 7 details how the entity determines whether there has been a significant increase in credit risk. For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

De-recognition of Financial Instruments

A financial asset is de-recognised only when

- The Company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the group has not retained control of the financial asset. Where the group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

A financial liability (or a part of a financial liability) is de-recognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(ii) Derivative Financial Instruments and Hedge Accounting

Initial Recognition and Subsequent Measurement

The Company uses derivative financial instruments, such as forward currency contracts, interest rate swaps and forward commodity contracts, to hedge its foreign currency risks, interest rate risks and commodity price risks, respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

The purchase contracts that meet the definition of a derivative under Ind AS 109 are recognised in the Statement of Profit and Loss.

Cash Flow Hedge

The company designates certain foreign exchange forward and options contracts as cash flow hedges to mitigate the risk of foreign exchange exposure on highly probable forecast cash transactions.

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in other comprehensive income and accumulated in the cash flow hedging reserve. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the net profit in the Statement of Profit and Loss. If the hedging instrument no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the forecasted transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the net profit in the Statement of Profit and Loss upon the occurrence of the related forecasted transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified to net profit in the Statement of Profit and Loss.

(n) Revenue Recognition

(i) Revenue from sale of goods is recognised net of returns, product expiry claims and trade discount, on transfer of significant risk and rewards in respect of ownership to the buyer which is generally on dispatch of goods. Sales include excise duty but exclude sales tax and value added tax.

(ii) In respect of incentives attributable to the export of goods, the Company following the accounting principle of matching revenue with the cost has recognised export incentive receivable when all conditions precedent to the eligibility of benefits have been satisfied and when it is reasonably certain of deriving the benefit. Since these schemes are meant for neutralisation of duties and taxes on inputs pursuant to exports, the same are grouped under material costs.

(iii) The other export incentives that do not arise out of neutralisation of duties and taxes are disclosed under other operating revenue.

(iv) Revenue from services is recognised when all relevant activities are completed and the right to receive income is established.

(v) Revenue in respect of insurance/other claims, commission, etc. are recognised only when it is reasonably certain that the ultimate collection will be made.

(vi) For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR).

(vii) Dividend from subsidiaries/ associates/ joint ventures is recognised in the Statement of Profit and Loss in separate financial statements when the parent company's right to receive the dividend is established.

(o) Taxes

Tax expenses comprise Current Tax and Deferred Tax:

(i) Current Tax:

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company and its subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

(ii) Deferred Tax:

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

For items recognised in OCI or equity, deferred/ current tax is also recognised in OCI or equity.

(iii) MAT Credit:

Minimum Alternate Tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The Company recognises MAT credit available as an asset only to the extent that there is reasonable certainty that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. The MAT credit to the extent there is reasonable certainty that the Company will utilise the credit is recognised in the Statement of Profit and Loss and corresponding debit is done to the Deferred Tax Asset as unused tax credit.

(p) Leases

Operating Lease

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. All other leases are operating lease. Operating lease payments, as per terms of the agreement, are recognised as an expense in the Statement of Profit and Loss on a straight-line basis in accordance with Ind AS 17.

(q) Excise Duty and CENVAT/ Service Tax Credit

The excise duty expenses are bifurcated into two components: excise duty expenses related to sales and the un-recovered excise duty is recognized under other expenses and excise duty relating to the difference between the closing and opening stock of finished goods is recognized in the material cost and inventory adjustments. CENVAT/ Service Tax credit utilised during the year is accounted in excise duty and unutilised CENVAT/ Service Tax credit at the year end is considered as duties and taxes refundable.

(r) Research and Development

Revenue expenditure on research and development is charged to Statement of Profit and Loss in the year in which it is incurred. Capital expenditure on research and development is considered as an addition to property, plant & equipment/ intangible assets.

(s) Government Grants

Grants relating to revenue items are credited to the Statement of Profit and Loss in the same accounting period as the expenditure to which the grant relates. Grants in respect of capital items are credited to the Statement of Profit and Loss over the same period as the asset to which the grant relates is written off.

(t) Earnings Per Share

Earnings per share is calculated by dividing the net profit or loss before OCI for the year by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss before OCI for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(u) Dividend Distribution

Dividend distribution to the Company's equity holders is recognized as a liability in the Company's annual accounts in the year in which the dividends are approved by the Company's equity holders.

v. Disclosure in accordance with Ind AS – 19 "Employee Benefits", of the Companies (Indian Accounting Standards) Rules, 2015.

Gratuity

The company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/ termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the company makes contributions to recognised funds in India. The company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments.

The following table summarizes the components of net benefit expense recognized in the Statement of Profit and Loss and the funded status and amounts recognized in the Balance Sheet.

Notes to financial statements as at and for the year ended March 31, 2017

The principal assumptions used as at the balance sheet date are used for purpose of actuarial valuations were as follow

Particulars	As at Mar 31, 2017	As at Mar 31, 2016
Financial Assumptions		
Discount Rate	7.25%	8.00%
Salary Increase Rate	6.00%	6.00%
Demographic Assumptions		
Mortality Rate	IALM (2006-08) Ultimate	IALM (2006-08) Ultimate
Withdrawal Rate	5%	Age Based: Upto 30 years - 3% 31 to 45 years - 2% 46 years and above - 1%
Retirement age	58 Years	58 Years

The rate used to discount post-employment benefit obligations is determined by reference to market yields at the end of the reporting period on government bonds.

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality.

The sensitivity analyses below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of reporting period, while holding all other assumptions constant.

Defined Benefit Obligation		
Discount rate		
a. Discount rate - 100 basis points	60.75	47.78
b. Discount rate + 100 basis points	50.56	39.14
Salary increase rate		
a. Rate - 100 basis points	51.99	39.03
b. Rate + 100 basis points	58.74	47.83

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would clear in isolation of one another as some of the assumptions may be correlated.

Further more, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the Projected Credit Method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

36. Significant accounting judgments, estimates and assumptions

The financial statements require management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods .

a) Judgments

In the process of applying the company's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognised in the separate financial statements.

b) Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

c) Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. For plans operated outside India, the management considers the interest rates of high quality corporate bonds in currencies consistent with the currencies of the post-employment benefit obligation with at least an 'AA' rating or above, as set by an internationally acknowledged rating agency, and extrapolated as needed along the yield curve to correspond with the expected term of the defined benefit obligation. The underlying bonds are further reviewed for quality. Those having excessive credit spreads are excluded from the analysis of bonds on which the discount rate is based, on the basis that they do not represent high quality corporate bonds.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

37. First-time adoption of Ind AS

These financial statements, for the year ended March 31, 2017, are the first, the Company has prepared in accordance with Ind AS. For periods up to and including the year ended March 31, 2016, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Previous GAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on March 31, 2017, together with the comparative period data as at and for the year ended March 31, 2016, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at April 1, 2015, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its previous GAAP financial statements, including the balance sheet as at April 1, 2015 and the financial statements as at and for the year ended March 31, 2016.

A Exemptions applied

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions:

i) The Company has elected to apply the exemption for deemed cost of property, plant and equipment contained in D7AA of Ind AS 101 by considering the previous GAAP carrying values as deemed costs. Accordingly the Net block as at March 31, 2015 as per the previous GAAP have been considered as the deemed cost as at April 1, 2015 and are being depreciated over the residual useful life on a straight line basis.

ii) Ind AS 101 permit cumulative translating gains and losses to be reset to zero at the transition date. This provides relief from determining cumulative currency translation difference in accordance with Ind AS 21.

iii) The Company has designated unquoted equity instruments held at April 01, 2015 as fair value through P&L.

D Notes to effect of first time adoption

i) FVTPL Financial assets

Under Indian GAAP, the Company accounted for long term investments and mutual funds in unquoted and quoted equity shares as investment measured at cost less provision for other than temporary diminution in the value of investments. Under Ind AS, the Company has designated such investments other than investments in subsidiaries/ joint ventures and associates as FVTPL investments. Ind AS requires FVTPL investments to be measured at fair value. At the date of transition to Ind AS, difference between the instruments fair value and previous GAAP carrying amount has been recognised under retained earnings.

On account of this adjustment the retained earning increased by ₹ 0.46 crores as at March 31, 2016 and is decreased by ₹ 0.50 crores as at April 01, 2015.

ii) Trade Receivables

As per Ind AS 109, the Company is required to apply expected credit loss model for recognising the allowance for doubtful debts. As a result, the allowance for doubtful debts is ₹ (0.18) crores as at March 31, 2016 and ₹ 0.81 crores as at April 01, 2015.

iii) Defined benefit liabilities

Under Ind AS, re measurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit or loss. Accordingly ₹ (12.09) crores net of tax thereon has been adjusted in other comprehensive income from retained earnings as at April 01, 2015. The adjustment for the year ended March 31, 2016 is ₹ 1.36 crores net of the tax effect thereon. As a result of this change, the retained earnings as at April 01, 2015 and profit for the year ended March 31, 2016 has been adjusted. There is no impact on the total equity as at March 31, 2016.

iv) Foreign currency translation reserve

Under Indian GAAP, the Company recognised translation differences on foreign operations in a separate component of equity. Under Ind AS, the balance appearing in the foreign currency reserve has been reset to zero as at April 1, 2015 by transfering the same to retained earnings. Accordingly, foreign currency translation reserve balance under previous GAAP has been transferred to retained earnings. There is no impact on total equity as a result of this adjustment.

v) Borrowings

Ind AS 109 requires transaction costs incurred towards origination of borrowing to be deducted from carrying amount of borrowings on initial recognition. These cost are recognised in the profit and loss over the tenure of the borrowing as part of the interest expenses by applying the effective interest rate method.

Accordingly, the upfront fees has been amortised over the loan period as against charge to the profit and loss statement in the initial year. On account of this change, retained earnings as at April 01, 2015 has been increased by ₹ 3.22 crores with consequent adjustment of the upfront fees as prepaid expenses to be amortised over the period of the loan.

vi) Provisions for expiry, returns and breakage/damage.

The Company has estimated probable expiry, returns and breakage/ damage based on past trends and has made provision thereon as required by Ind AS 18 "Revenue recognition". On account of this change, the retained earnings as at April 01, 2015 has been decreased by ₹ 45.07 crores with consequent increase in provision. The impact for the year ended March 31, 2016 is ₹ 2.33 crores on the profit for the year with corresponding effect on the balance of provisions.

vii) Deferred tax

Consequent impact on deferred tax arising out of various adjustments under Ind AS has been given in accordance with Ind AS 12 "Income Taxes". On the date of transition the net impact of deferred tax is ₹ 15.88 crores which is adjusted against retained earnings. For the year ended March 31, 2016 the impact on profit arising out of deferred tax changes is ₹ 2.22 crores.

viii) Excise duty

Under Indian GAAP, sale of goods was presented as net of excise duty. However, under Ind AS, sale of goods includes excise duty. Excise duty on sale of goods is accounted as a cost under other expenses. Thus sale of goods under Ind AS has increased by ₹ 31.74 crores in March 2016 with a corresponding increase in other expense. There is no impact on total equity.

ix) Statement of cash flows

The transition from Indian GAAP to Ind AS has not had a material impact on the statement of cash flows.

x) Proposed Dividend

Under the previous GAAP, dividends proposed by the board of directors after the balance sheet date but before the approval of the financial statements were considered as adjusting events. Accordingly, provision for proposed dividend was recognised as a liability as at March 31, 2015. Under Ind AS, such dividends are recognised when the same is approved by the shareholders in the general meeting. Accordingly, the liability for proposed dividend of ₹ 12.62 crores and ₹ 2.57 crores tax liability as at March 31, 2015 has been reversed back to retained earnings. The same is charged to retained earnings during the year ended March 31, 2016 on approval by the shareholders. There is no impact on equity as at March 31, 2016.

xi) Goodwill

Under Ind AS goodwill on business acquisition is not required to be amortised but is to be tested for impairment. Accordingly, amortisation of goodwill during March 31, 2016 has been reversed and the goodwill is carried at April 01, 2015 values. On account of this, profit for the year March 31, 2016 is higher by ₹ 8.49 crores.

xii) Security deposits

Under the previous GAAP, interest free lease security deposits (that are refundable in cash on completion of the lease term) are recorded at their transaction value. Under Ind AS, all financial assets are required to be recognised at fair value. Accordingly, the group has fair valued these security deposits under Ind AS. Difference between the fair value and transaction value of the security deposit has been recognised as prepaid rent. Consequent to this change, the amount of security deposits increased by ₹ 0.80 crore as at March 31, 2016 and decreased by ₹18.45 crores as at April 01, 2015. The prepaid rent decreased by ₹ 1.76 crores as at March 31, 2016 and increased by ₹ 18.17 crores as at April 01, 2015. The net impact on retained earnings as at April 01, 2015 is decrease of ₹ 0.27 crore and the impact on profit for the year ended March 31, 2016 is decrease of ₹ 0.96 crore.

xiii) Retained earning

Retained earnings as at April 1, 2015 has been adjusted consequent to the above Ind AS transition adjustments.

xiv) Joint Venture

Under the previous GAAP, as per AS 27 joint venture was accounted using proportionate consolidation method. However, as per Ind AS 28 the same is accounted using Equity method. For conversion to equity method share of net loss in the financial year 2014-15 of ₹ 1.75 crore of Avik Pharmaceuticals Limited (Joint venture) was reversed and revised net loss of ₹ 1.85 crore as per Ind AS was given effect in books of account. As a result of above effect the retained earnings reduced by ₹ 0.10 crores. During the financial year 2015-16 the IGAAP net profit of ₹ 0.71 crore was reversed and revised Ind AS profit of ₹ 0.60 crore was recorded using equity method, thus reducing net profit by ₹ 0.11 crore. The share of other comprehensive income of Avik Pharmaceutical Limited was ₹ 2.19 crores for the year 2015-16, the same was included in other comprehensive income of group, thus increasing equity of the group by ₹ 2.19 crores. The proportionate share of total assets of ₹ 8.16 crores for 2014-15 and ₹ 17.06 crores for 2015-16 and liabilities of ₹ 15.19 crores for 2014-15 and ₹ 23.09 crores for 2015-16 which were included in group assets were reversed for purpose of conversion to equity. Due to this, the assets of group were reduced by ₹ 8.16 crores and ₹ 17.06 crores and liabilities by ₹ 15.19 crores and ₹ 23.09 crores for the financial year 2014-15 and 2015-16 respectively. For the purpose of conversion to equity method, all inter group transactions with Avik Pharmaceuticals Limited which were previously eliminated were now reversed for the year 2014-15 and 2015-16.

xv) Associate

Under previous GAAP the share of Loss in associates during financial year 2015-16 was ₹ 3.46 crores which was revised to ₹ 3.64 crore due to transition effect of Ind AS. Due to this the net loss was increased by ₹ 0.18 crores.

39. Standards issued but not yet effective

In March 2017, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, "Statement of cash flows" and Ind AS 102, "Share-based payment". These amendments are in accordance with the recent amendments made by International Accounting Standards Board (IASB) to IAS 7, "Statement of cash flows" and IFRS 2, "Share-based payment", respectively. The amendments are applicable to the group from April 1, 2017.

Amendment to Ind AS 7:

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement.

The Company is currently evaluating the requirements of the amendment and has not yet determined the impact on the financial statements.

Amendment to Ind AS 102:

The amendment to Ind AS 102 provides specific guidance to measurement of cash-settled awards, modification of cash-settled awards and awards that include a net settlement feature in respect of withholding taxes.

It clarifies that the fair value of cash-settled awards is determined on a basis consistent with that used for equity-settled awards. Market-based performance conditions and non-vesting conditions are reflected in the 'fair values', but non-market performance conditions and service vesting conditions are reflected in the estimate of the number of awards expected to vest. Also, the amendment clarifies that if the terms and conditions of a cash-settled share-based payment transaction are modified with the result that it becomes an equity-settled share-based payment transaction, the transaction is accounted for as such from the date of the modification. Further, the amendment requires the award that include a net settlement feature in respect of withholding taxes to be treated as equity-settled in its entirety. The cash payment to the tax authority is treated as if it was part of an equity settlement.

The Company is currently evaluating the requirements of the amendment and has not yet determined the impact on the financial statements.

40. Financial Instruments

The carrying value and fair value of financial instruments by categories as at March 31, 2017, March 31, 2016 and April 1, 2015 is as follows:

The management assessed that fair value of cash and short-term deposits, trade receivables, trade payables, book overdrafts and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

41. Fair Value Hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

42. Financial Risk Factors

The Company's business activities are exposed to a variety of financial risks: Market/Business risk, credit risk, Exchange risk, etc. The Company's focus is to foresee the unpredictability of financial and business risks and seek to minimize potential adverse effects of these risks on its business and financial performance.

(i) Business/Market Risk

The primary business/market risk to the Company is the price risk and its ability to pass on the same to its customers. The Company's operations extend to a number of countries across the globe and its products pricing competitiveness is a primary factor for the acceptability of Company's products in those markets. The Company has a robust procurement process, which ensures that its pricing power is not adversely affected by price changes in the market place for its raw-materials. The backward integration into manufacturing of several API's for its own use in the formulations manufacturing also works as a mitigating strategy for price risk faced by the Company. The other business risk is regulatory risk and regulatory audits of its manufacturing facilities by the regulators to ensure that the manufacturing facilities meet the current Good Manufacturing Practices (cGMP) requirements. The Company is already exposed to certain audit observations from the US FDA for 3 of its manufacturing plants and has taken the necessary corrective measures to redress those US FDA audit observations so as to be able to market all its products once again in the US market. While the stringent regulatory requirements and audits works as a business risk, the successful audit of its facilities by regulators coupled with price competitiveness results in higher business and margins for the Company. The Company's products are also subjected to product liability claims/litigations. To mitigate these risks, the Company has obtained adequate Product Liability Insurance.

The Company, however, has a reduced risk from dependence on any single customer as no single customer or customer group accounts for more than 10% of Company's annual revenue. The Company also continuously forays into different markets/countries to reduce its dependence on any particular country or customer group. The Company also has a diversified therapeutic product portfolio and therefore no single product account for more than 10% of Company's annual revenue.

(ii) Credit Risk

The Company has exposure to credit risks associated with sales to various developing markets/countries. To mitigate these credit risks arising out of this, the Company obtains credit insurance on a regular basis after evaluating the credit risk associated with a country/customer. Country/customer where no credit insurance is available, the Company monitors such risk by continuously monitoring its exposure to such country/customer. There was no historically significant credit risk in the domestic market for the Company. Based on the historical data, the Company has made adequate provisions for expected loss because of credit risk, which is neither significant nor material.

(iii) Interest Risk

The Company has borrowings mainly in foreign currencies which is linked to Libor. The Company mitigates these risks associated with floating Libor rates by entering into interest rate swaps to move them to fixed Libor rates. The domestic interest risk is exposed to the changes in the RBI bank rate. The Company manages this risk by managing its working capital effectively.

(iv) Foreign Currency Risk

The company continuously manages its risks associated with foreign currency by adopting various hedging strategies in consultation with internal and external experts. The Company has a system of regularly monitoring its currency wise exposures. The significant part of Company's receivables and borrowings are in US Dollars which operates as a natural hedge against each other. The Company has a policy not to borrow in a currency where it has no business exposure.

(v) The unhedged foreign currency exposure is as follows:

43. Capital Management

For the purpose of the Company's capital management, capital includes paid-up equity share capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholders' value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust its dividend payment ratio to shareholders, return capital to shareholders or issue fresh shares. The Company monitors capital using a gearing ratio, which is net debt divided by its total capital. The Company includes within its net debt the interest bearing loans and borrowings, trade and other payables less cash and cash equivalents.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets the financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the lending institutions to immediately call back the loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing the capital during the years ended March 31, 2017 and March 31, 2016.
